

Registration Screen

The image shows a mobile application registration screen. At the top, there is a title bar labeled "Registration Screen". Below this, the screen is framed to look like a smartphone. The status bar at the top of the phone frame shows a Wi-Fi icon, cellular signal bars, a battery icon, and the time "15:54". The main content area contains four text input fields stacked vertically, labeled "E-mail", "Username", "Password", and "Repeat Password". Below these fields is a prominent red button with the text "REGISTER" in white. Underneath the button is the text "Already have an account?". At the bottom of the form area is a teal button with the text "LOG IN" in white. The entire screen is enclosed in a rounded rectangle representing the phone's body.
